April 17th, 2010

Micheal Joiner in 1992 was a youth worker and drummer for his church in Valpariaso, IN. On a "dare" from his youth pastor, he entered a talent show as a standup Comedian and immediately had the audience in stitches!...and thus began the Comedy career of Comedian Michael Joiner!

Michael soon found out that stand up Comedy was an incredible tool to reach people for Jesus Christ. Some people are turned off by preaching, and many will not dare show up to hear an "evangelist", but those same folks will flock to hear a professional Comedian! Michael's "un-churchy", cutting edge, clean style appeals to people from all backgrounds....

Michael's testimony of how God changed his life when he was practically homeless and dabbling in drugs, is touching people all across America!
