

VBC MUSIC

Lead Audio Engineer

Job Description

Job Scope:

1. Mix Front of House Audio for the main services at the Fruitvale Campus.
2. Record live services.
3. Oversee the maintenance of audio equipment for Fruitvale Campus Worship Center.
4. Collaborate and serve under the senior pastors and worship pastors to best fulfill their vision for the audio mix each Sunday and special events as needed.
5. Work with volunteer audio crew to best support the Fruitvale Worship Center services.

Requirements:

1. Minimum five years of experience mixing Front of House sound for a large church (2,000+) or venue.
2. Must have extensive experience mixing for choir and orchestra.
3. Must have extensive experience mixing for a band.
4. Must have extensive experience working with different DAW's (Pro Tools, Logic X, Ableton Live, etc.) Certification for these DAW's is a plus.
5. Must have the desire and ambition to lead a team of audio volunteers.
6. Must be servant and team minded.
